NOORAIN MOHAMMED, Pharm.D

CLINICAL PHARMACIST | PHARMACY PRACTICE | CLINICAL RESEARCH

Hyderabad | noorainshafi02@gmail.com | +91 6303582573 | LinkedIn: Noorain Mohammed

PROFESSIONAL SUMMARY

Pharm.D graduate with 1+ year of clinical pharmacology experience and strong exposure to clinical pharmacy, pharmacotherapy, pharmacovigilance, and clinical research. Experienced in prescription evaluation, medication safety, ADR monitoring, research methodology, scientific writing, and evidence-based practice. Skilled in mentoring junior Pharm.D students, academic presentations, and translating clinical concepts into practical learning. Seeking an Assistant Professor role in Pharm.D, Pharmacy Practice, or Pharmacology.

CORE ACADEMIC & TEACHING COMPETENCIES

Pharmacy Practice • Clinical Pharmacy • Clinical Pharmacology • Pharmacotherapy • Pharmacovigilance • Drug Information •Research Methodology •Pharmacotherapeutics • Medication Safety • Evidence-Based Medicine • Student Mentoring • Scientific Writing • Clinical Case Discussions • Research Data Analysis

PROFESSIONAL EXPERIENCE

Clinical Pharmacist | TX Hospitals | Aug 2025–Present

• Reviewing EMRs, medication accuracy, ADR reporting, medication error prevention, CAPA, counseling.

Research Trainee | Owaisi Hospital & Research Centre | Oct 2024–Jun 2025

• Prospective biomarker study in 100+ diabetic patients, RT-qPCR, regulatory documentation, manuscript drafting.

Intern Clinical Pharmacist | Princess Durru Shehvar Hospital | Sept 2023–Feb 2024

• Clinical rounds, medication reconciliation, reviewed 100+ prescriptions/week, led formulary revision team.

Intern Clinical Pharmacist | Ankura Hospital | Aug 2024–Sept 2024

• Prescription verification, patient counselling, medication error reduction strategies.

EDUCATION

Doctor of Pharmacy (Pharm.D), Bhaskar Pharmacy College, JNTU Hyderabad | CGPA: 8.1/10

Intermediate (BiPC) – 88%

SSC – CGPA 9.5

RESEARCH & PUBLICATIONS

• Prospective Study: Serum Biomarker Profiling for Early Detection of Diabetic Neuropathy (IJAR, 2026).

• Review article: Hypertension and Chronic Kidney Disease: Understanding the Connection (IJOPRA, 2024).
• Research presentation to Clinical Pharmacology Department (2025).

ACADEMIC & CLINICAL EXPERIENCE

• Community health camps and mentoring. Participated in academic and research presentations, clinical case discussions, and scientific communication.
• Exposure to CKD, renal dosing, chronic disease monitoring. Mentored and guided junior Pharm.D students in clinical skills and research activities.

CERTIFICATIONS

ICH-GCP E6(R2); Introduction to Clinical Research; Drug Safety & Pharmacovigilance; BLS & CPR; First Aid.

TECHNICAL & RESEARCH SKILLS

Clinical: Medication reconciliation, ADR reporting, prescription auditing.
Research: Data analysis, protocol development, scientific writing.
Software: MS Excel, SPSS, MS Office.

ACHIEVEMENTS

• 1st Place – Model Presentation: Congestive Heart Failure.
• Led hospital formulary revision initiative.
• Review article on CKD–Hypertension.
• Research presentation (2025).
• Consistently secured 75%+ across professional years.
• Volunteer – Indian Pharmaceutical Congress (73rd).
